Partial Withdrawals

Partial withdrawals are available after the first policy anniversary and carry a \$100 handling fee. The minimum withdrawal is \$500. The maximum partial withdrawal is a percentage of the cash surrender value, less any outstanding loan balance, less an amount necessary to keep the policy and any riders in force for three months. The maximum partial withdrawal percentages are:

Years 2-19	90 percent
Years 20+	100 percent

In policy years 2-19 only one partial withdrawal is allowed per year. Surrender charges will apply if partial withdrawals are taken from the policy.

No-Lapse Guaranteed Death Benefit Protection

The number of years the death benefit will be guaranteed depends upon the insured's issue age, rate class and premium payments. As long as the policyholder's no-lapse guarantee has been met to age 120, the face amount will be guaranteed to age 120.

If the policyholder sufficiently increases the planned premium, the length of the selected guaranteed death benefit period could increase. Also, the policy could develop a higher accumulation value if the policyholder pays a premium higher than the premium required for the guarantee.

Specified amount changes, withdrawals, loans, and premium payments that are less than planned, paid late or skipped will impact the no-lapse guarantee selected. This means the guarantee could be lost if you take these actions. If the no-lapse guarantee selected has been lost, the cash value may be zero, and higher premium payments may be necessary to keep the policy in force. There is no explicit charge for the death benefit guarantees.

Flexible Premiums

The planned premium is flexible and may be changed by the policyholder once during the policy year, beginning in policy year two and thereafter. The policyholder may also make additional premium payments at any time. Premiums are payable to age 120. Missed or late premiums can affect the no-lapse guarantee.

Dial-A-Guarantee – The guaranteed coverage can be a maximum of lifetime coverage to age 120 or a minimum of age 80 (20 years for ages 61 and above).

Premium Catch-Up

This allows the policyholder to catch up if the premiums are less than planned, paid late or skipped. These events cause the selected guaranteed death benefit period to be reduced. To catch up to the originally selected guarantee period, the policyholder must pay more total premium provided the no-lapse guarantee is in effect.

Riders included in the policy:

Accelerated Death Benefit for Terminal and Chronic Illness Rider

(Terminal Illness Accelerated Death Benefit, 957Y-0813 in NY. Chronic Illness Accelerated Death Benefit, 958Y-0813 in NY.) These riders are available at issue on all policies.

Terminal Illness Rider: This rider provides an accelerated death benefit if the insured provides evidence that their life expectancy is 12 months or less. The requested benefit amount may not exceed the lesser of \$1,000,000 or 80 percent of the specified amount as of the date of the first acceleration benefit payment for any accelerated death benefit rider attached to the policy.

Chronic Illness Rider: This rider provides an accelerated death benefit if the insured is unable to perform 2 of 6 Activities of Daily Living (ADLs) for 90 consecutive days, as certified by their physician, or requires substantial supervision to protect himself or herself from threats to health and safety due to severe cognitive impairment. The requested benefit amount may not exceed the lesser of \$1,000,000 or 80 percent of the specified amount at the time of the first requested acceleration.

Waiver of Surrender Charges for Partial Withdrawal Rider

(Form: 824Y-1104.)

A portion of the funds may be withdrawn without surrender charges in the event the policyholder is:

- Hospitalized or confined to a nursing home
- Permanently and totally disabled, approved in writing by a licensed physician other than an owner or insured of the policy

- Diagnosed with a terminal illness that will result in death within the next 12 months

Additional riders available for purchase

Accidental Death Benefit Rider

(Form: 433-0682.)

The rider can only be added at issue, and is available for the base policyowner only.

This rider is available to issue ages 18-60 with renewal ages 19-64. The minimum amount is \$10,000 and the maximum amount applies to:

- Issue ages 18-25 = \$100,000
- Issue ages 26-60 = \$250,000
- Or two times the face amounts, whichever is less

Disability Waiver of Policy Charges Rider*

(Form: 595Y-0883.)

The rider can only be added at issue, and is available for the base policyowner only.

Available to issue ages 18-55 with renewal ages 19-59. When we receive proof that the disability of the insured began while this rider was in force and has continued for six months or more, we will:

- (a) increase the insured cash value by any monthly deduction amounts that had been paid for the period of disability after the policy month in which disability began. Interest for these amounts will be added to the cash value.
- (b) waive future payments of the monthly deduction amount for the policy during the time the insured is disabled until the maturity date of this policy. Monthly deduction amounts paid for a period more than 12 months before the date notice of disability is received by us will not be waived.

If disability begins during a grace period while this rider is in force and ends in the death of the insured before the disability has continued for six months, we, upon receipt of proof of such disability and death, will continue this policy in force until the time of death. Any unpaid monthly deduction amounts will be deducted from the death benefit.

DEFINITION OF DISABILITY – Disability means incapacity which:

- (a) results from either bodily injury sustained or disease first manifested while this rider is in force;
- (b) begins after the date of issue of this rider and before the policy anniversary date following the insured's 60th birthday; and
- (c) prevents the insured from doing for pay or profit any activity for which they have education or experience.

EXCLUSIONS – This rider is not effective if disability results from:

- (a) an act of declared or undeclared war; or
- (b) intentional self-inflicted injuries.

*Only one Disability Rider may be added

TERMINATION – This rider will terminate:

- (a) on the policy anniversary following the insured's 60th birthday; or
- (b) at the expiration of the grace period, or
- (c) written request of the owner.

Disability Continuation of Planned Premium Rider* (Form: 959Y-0813.)

Available to issue ages 18-55 with renewal ages 19-64. If the insured becomes disabled before the policy anniversary following the insured's 65th birthday and the disability continues for at least six months, this rider will contribute a specified monthly amount of premium to the policy during the continuance of the disability, even if the disability extends beyond age 65.

Child Rider

(Form: Y4005.)

The rider can only be added at issue.

Available to issue ages 18-55. This rider provides coverage to each covered child's 23rd birthday or to the policy anniversary following the insured's 65th birthday, if earlier.

The rider terminates and the premium stops at the earlier of the anniversary date following the insured's age 65 or the youngest child attains age 23. The Children's Rider covers all unmarried children (age 15 days through 20 years (i.e., cannot be added after 20 years of age)) who are members of the insured's household and listed in the application.

Children born or adopted after issue of this rider are included automatically when they attain the age of 15 days. When the coverage on a child expires, the child may, without evidence of insurability, convert to any form of permanent insurance up to \$5,000 for every \$1,000 of term coverage. This rider is available from \$1,000 up to a maximum of \$10,000 (in \$1,000 increments).

Policy Exclusion

The face amount will not be paid if the insured's death results from suicide, within two years from the date of issue. Instead, we will pay the sum of premiums paid since issue.

It is possible coverage may not continue to the maturity date even if planned premiums are paid in a timely manner. This restriction will not apply when the no-lapse guarantee is in effect. If the policy does continue in force to the maturity date, it is possible that there will be little or no cash surrender value at that time. Policy values will be affected to the extent interest credits and cost of insurance charges are more favorable than guaranteed credits and charges.

*Only one Disability Rider may be added
