## You've Worked Hard to Build a Successful Career

The income you earn supports your family, your financial goals and your lifestyle.

If you were sick or injured and unable to work, what kind of financial impact would the loss of your income have on your family?

Mutual Income Solutions<sup>SM</sup>, a disability income insurance policy from Mutual of Omaha Insurance Company (Mutual of Omaha), provides benefits to help replace a portion of your income if you're sick or injured and unable to work. It's financial protection that helps you focus more on your recovery and less on how you'll cover expenses.

## Help Protect Your Income

A solid financial plan starts with your ability to earn an income. That's why your income might be your most valuable asset – even more so than your house, car or savings – and why it's so important to help protect your income.

While it's not something people want to think about, half of Americans (49%) say their household would face financial hardship in six months or less if their primary wage earner were to become sick or injured\*.

There's an option that can help you protect your financial future. It's called Mutual Income Solutions.

Mutual Income Solutions helps replace a portion of your income if you're sick or injured and can't work. Here are some of the most important things in your life that the coverage can help protect:

- Your home
- Your retirement
- Your family
- Your personal savings
- Your lifestyle
- And your income

## Serious Illnesses Can Happen at Any Time\*

**At 45, attorney Peter Zatir attributed the fatigue he was feeling to middle age.** Add to that a busy law practice and five active kids—the youngest just a year old—and it's easy to see how he could have written off the early signs of a serious illness. When he finally visited his doctor, the diagnosis was grim. He had an aggressive form of thyroid cancer and was given less than a year to live.

As Peter lay awake at night, his financial situation was one thing he didn't lose sleep over. Shortly after Peter stopped working to focus on fighting his disease, the individual disability insurance policy he purchased began paying a monthly benefit.

Six years after his diagnosis, Peter was doing better and his family was able to maintain its standard of living—thanks to the benefits from his individual disability policy.

## Life Can Change in an Instant\*

**It was on a busy day for Travis Guthman**—typical of one so many parents have—that Travis juggled driving and arranging a meet-up for his son. While he had pulled over to read the text, he decided to answer it while driving back home. That's when, distracted by his phone, he hit a concrete footing on a narrow bridge—a route he had taken hundreds of times before.

The accident landed him in the hospital with a shattered pelvis and other injuries so severe that it has taken him almost two years and countless surgeries just to be able to walk with the help of a leg brace. During this time, he hasn't been able to work, and admits the family would have lost the pizzeria it owns if it hadn't been for the disability insurance that his insurance professional helped him put in place.

The monthly payment from his disability insurance has allowed the Guthman family to pay their ongoing bills and expenses and keep food on the table. "Without disability insurance we would have been in a world of hurt. You think it will never happen to you, until it does. Disability insurance has been a huge blessing for our family."
