

# Medicare Supplement + Dental Coverage

Coverages your clients want and need

Dental insurance is the top supplemental product requested by senior-age individuals after Medicare supplement insurance. With competitive pricing and flexible plans, Mutual of Omaha's dental insurance is a great fit for your Medicare supplement clients.

## Dental Insurance\*

Mutual of Omaha's dental plans are competitive and offer benefits your clients want and need:

- Your clients can select from maximum benefit amounts of \$1,500, \$3,000 and \$5,000
- There's no waiting period
- Your clients get a 20% coinsurance benefit for major services on day one, then 50% coverage after year one
- 15% dental insurance discount if the dental application is signed on or after a Medicare supplement application is signed and is within 30 days of the Med supp issue date (discount not available in Washington; certain provisions apply).

## What Our Dental Plans Cover

Our dental plans help pay for most basic and major services:

- Preventive services (full coverage)
- Cleanings and x-rays
- Basic services, such as fillings and simple extractions
- Major services, such as root canals, crowns, bridges, dentures, periodontics and surgical extractions

## More Comp for You

Mutual of Omaha has significantly increased compensation on dental insurance sales. That means you earn more money each time you sell a dental insurance policy.

## Optional Vision Rider

Let your clients know about the optional vision rider that's available with a dental insurance policy. For approximately \$8 a month\*, your clients can get coverage that helps pay for:

- Eye exams
- Eyeglasses
- Contact lenses

*\*Rates vary by state and are not available in all states*
