Build Chart

The build chart used for disability income insurance categorizes applicants into different risk classes.

Use the Build Chart by first finding the applicant's height in the left-hand column and then looking across the row to find the applicant's weight in pounds. The column heading above their weight will determine their appropriate risk class.

Scheduling Examinations

After the application is completed, please schedule all required examinations with approved paramedical examination facilities. Paramedical facilities complete blood profile and urinalysis.

Paramedical Facilities

Mutual of Omaha's approved paramedical facilities have blood kits and the expertise to complete our blood profile requirements. All blood specimens must be drawn using Portamedic or APPS blood kits and mailing instructions. One of these paramedical facilities must be used when a blood profile is required or requested. All specimens are sent to the Clinical Reference Laboratory (CRL) for testing.

• Portamedic: 1-800-765-1010

American Para Professional Systems (APPS): 1-800-635-1677

• ExamOne: 1-877-933-9261

Blood Profile, Urinalysis and HIV Consent

Mutual of Omaha may require a blood profile or urinalysis. See the Underwriting Requirements Chart for specific guidelines. Laboratory tests may be requested for lesser amounts. An HIV consent form may be required in some states; consent forms will be included in the application packet.

Attending Physician's Statement (APS)/Medical Records

In order to render the most favorable decision possible, an APS may be required. The home office will initiate the request by contacting the doctor's office or medical facility in advance to confirm the availability of the medical records, cost and requirements for release. The home office will advise you of our request and periodically follow-up with the medical facility. Timely release of the requested APS depends on the quality of the contact information and the degree of cooperation afforded by the medical facility. The agent and applicant can play a crucial role in securing the APS by contacting the medical facility to reiterate the urgency and significance of obtaining the necessary information.

Financial Underwriting Guidelines

Definitions

Salary

Salary (wage) is defined as compensation received by an employee for services performed. A salary is a fixed sum paid for a specific period of time worked, such as weekly or monthly. (Federal Tax Form W-2)

Earned Income

Earned income is income earned from employment, which would include wages, salary, tips, bonuses, overtime and other compensation. Earned income is reported on a gross, or before-tax basis. Significant changes or fluctuation in earned income may require clarification to determine the benefit amount.

Unearned Income

Unearned income will reduce the benefit amount available to the client only to the extent that it exceeds:

- 10 percent of earned income or
- \$30,000 annually, whichever is less.

Examples of unearned income: capital gains, interest, net rentals, pension benefits, passive dividends, income from family trusts, alimony and royalties.

Fifty percent (50%) of the monthly unearned income in excess of the parameters listed will be deducted from the maximum total benefit available to the client.

Example: Annual income \$100,000 Unearned annual income \$19,200

Unearned income is greater than 10% of earned income.

\$19,200 x 50% = \$9,600

Divide by 12 = \$800 Monthly Unearned Income

\$100,000 Income = \$5,100 Monthly Benefit - \$800 Monthly Unearned = \$4,300 Monthly Benefit Allowed

Overtime Income

Overtime income is defined as stable income received for working in excess of a 40-hour work week. Overtime income can be included when calculating monthly benefit amount eligibility.

Part-Time Income

Part-time income can be included in determining your client's total eligible income earned. To qualify as eligible income, applicant must be employed on a full-time basis (minimum 30 hours) in another occupation. Clients can also have two part-time occupations of the same duties that their hours are equal to or greater than 30 hours per week and be consider full-time employment.

Self-Employed

Self-employed is defined as an applicant who is operating as a sole proprietor, independent contractor, partnership or closely held corporation and has 20% or more ownership in a business.

Net Worth

Net Worth is defined as the value of a person's assets, including cash, minus all liabilities. The amount by which the individual's assets exceed their liabilities is considered the net worth of that person. In order to determine net worth for underwriting purposes, the primary personal residence and personal belongings may be ignored. Individuals with a net worth of \$5+million require a prescreen with a disability underwriter prior to running a quote or taking an application. Individuals with a net worth of \$10+million are generally not eligible for Disability Income Insurance.

Bankruptcy

No coverage can be offered until two years after an applicant's bankruptcy discharge.

Depreciation

Depreciation can not be added back into net income to produce higher earnings.

Income Qualification Table

The income qualification table shows the maximum benefit amounts available for a given income level for Accident Only & Accident and Sickness policy forms.

Applicants in an occupational class 6A, 5A, 4A, 3A and 5M, 4M, 3M are eligible for all base coverage. If they do not meet one of the occupational classes listed, they will need to utilize both base and SIS benefits to maximize total monthly benefit available.

When looking up values in the table, move to the next lower Annual Earned Income value. (Example: \$42,500 of earned income would use the \$41,000 table values.)

 $^{^\}star\! Adjust$ Group benefit amount to 70% of the monthly benefit to determine eligible amount.

Coordination with Group Disability

In order to determine the approximate buy-up benefit amount that can be offered to clients with group disability income, use the value in the Income Qualification Table based on whether the buy-up benefit is Employer Pay or Individual Pay. The Social Insurance Supplement (SIS) rider is not available when coordinating with group coverage. If the buy-up benefit amount is Employer Pay, subtract the Group Disability amount from the value. If the buy-up benefit amount is Individual Pay, subtract 70% of the Group Disability amount from the value.

Example - If applying for Individual Pay DI with existing Employer-Paid Group:

- 1. Use the Individual Pay Group Supplement limits table to determine the maximum benefit available based on the client's earned income.
- 2. Multiply the existing Group benefit by .7 and subtract from the answer above.

Income \$80,000/yr. Existing Employer Paid Group \$1,000/mo.

Look-Up on the IQT for \$80,000/yr. - Eligible for \$4,600/mo. Benefit

1. Individual Pay Benefits - \$80k/yr. \$4,600

2. 70% of Existing Group- \$1k/mo. \$700

Eligible Income Tax-Free Benefit \$3,900

Example – If applying for Employer-Paid DI with existing Employer-Paid Group:

- 1. Use the Employer Pay issue limits table to determine the maximum benefit available based on the client's earned income.
- 2. Take the existing Employer-Paid Group benefit and subtract from the answer above.

Income \$80,000/yr. Existing Group \$1,000/mo.

Look-Up on the IQT for \$80,000/yr. - Eligible for \$5,800/mo. Benefit

1. Individual Pay Benefits - \$80k/yr. \$5,800

2. Existing Group - \$1k/mo. \$1,000

Eligible Income Taxable Benefit \$4,800

State Disability Insurance (SDI)

There are certain states that provide residents benefits as part of a state-funded program. States include California, Hawaii, New Jersey, New York, Rhode Island and Puerto Rico.

- In California, New Jersey, Rhode Island, Hawaii when an applicant has State Disability Insurance coverage, a minimum 90-elimination period will be required on benefit periods of 2-year, 5-year, 10-year, To-Age 65, To-Age 67 and To-Age 70
- The applicant will be able to apply for their total maximum monthly benefit amount available per income and group/individual coverage inforce

When an applicant has State Disability Insurance coverage (CA, NJ, RI, HI), a minimum 90-elimination period will be required on benefit period of <u>six-month</u> and <u>one-year</u>. We will reduce the maximum monthly benefit offer amount based on state disability benefits offered

• For example, if we normally could offer \$5,000 monthly benefit based on Income Qualification Table and State Disability benefits offered is \$1,000 per month, we will offer the applicant a monthly benefit of \$4,000

If a w-2 applicant denies they are eligible for state disability, a pay stub or w-2 will be required for verification.

Occupational Underwriting Guidelines

These occupational guidelines are designed to assist in the proper occupational classification of applicants for disability income insurance.

The classifications are based on factors such as:

- degree of education, training, and skill demanded by the occupation
- level of manual dexterity and physical effort required
- environmental hazards to health and safety present in the workplace
- employment stability
- economic factors specific to the occupation/industry, and
- past company claims experience

Some occupations may not be listed in the Occupational Manual. In these cases, please refer to the General Description of Occupational Classes. Please send prescreens to underwriting at underwriter.health@mutualofomaha.com.

It is important that applicants be classified accurately according to these guidelines since occupational class determines the premium rate and the amount of coverage that is available. Each applicant's specific duties must be accurately described, as well as the percentage of time each of the duties is performed. This information, more frequently than the job title, will be the basis for an occupational classification. The occupational classes contained in the manual are guidelines only and Underwriting reserves the right to adjust these classifications if specific job duties or circumstances suggest such action.

General Description of Occupational Classes

Class 6A | This class includes the most stable executive and professional occupations where work is performed in an office setting with no environmental hazards, no direct supervision of persons with manual responsibilities and minimal travel.

Class 5A | This class includes executive and professional occupations where work is performed in an office setting with no environmental hazards, no direct supervision of persons with manual responsibilities and minimal travel.

Class 4A | This class includes other executive and professional occupations where most work is performed in an office setting with minimal environmental hazards and limited direct supervision of persons with manual responsibilities.

Class 3A | This class includes a variety of managerial, professional, and technical occupations. The majority of work is performed in a setting with minimal environmental hazards.

Class 2A | This class includes occupations that require more movement and travel or more manual dexterity or light physical effort. Some environmental hazards may be present in the work setting.

Class 1A | This class includes occupations with a greater emphasis on moderate to heavy physical labor and more direct exposure to workplace hazards.

Medical Occupation Classes

Class 5M | This class includes medical professionals who do not perform surgery or interventional procedures.

Class 4M | This class includes medical professionals who do perform surgery or interventional procedures.

Class 3M | This class includes most physicians with higher-risk practices.

Class 2M | This class includes health care providers performing more strenuous manual duties.

Class N | This class includes occupations that are uninsurable due to excessive exposure to workplace hazards.

Multiple Occupations

In the event an applicant has more than one occupation, the occupational classification will be based on the occupation involving the greatest level of environmental hazards. Also, if occupations are different, the minimum number of hours required in one of the occupations is 30 hours per week.

Special Restrictions for Certain Types of Employees

Some employees are eligible for disability income benefits through their employer. As a result, individual disability income benefits need to be carefully coordinated with these employers-sponsored plans before the policy is issued in order to avoid over insurance.

Completing the Application

Assisting Non-English Speaking Applicants

If you and the applicant are not fluent in the same language, an interpreter must be present to translate all questions and responses.

- It is the applicant's responsibility to have an interpreter available to meet with you when the application is completed. The applicant may choose an interpreter, but the interpreter cannot be a family member, beneficiary or someone who would benefit from the issuance of a policy. You may serve as an interpreter if you and the applicant are fluent in the same language
- In addition to questions on the application and the applicant's responses, the interpreter is required to translate all comments you make as well as information contained in marketing materials and forms
- With the assistance of an interpreter, you should ask the applicant to e-sign the application and the Producer or Witness Certification form (MLU25947)
- Be sure to include a note with the application that a translator will be needed for the health interview and indicate what language

Appealing an Underwriting Decision

Applications that are declined and policies that are rated or issued other than applied for are eligible for reconsideration through an appeal process. To ensure privacy, the specific reason for a policy being declined or rated/issued other than applied for is shared only with the applicant. If you want the ability to view or discuss this material, remember to have the Authorization for Release of Information to My Insurance Agent, Agency and/or Authorized Third Party Vendor form signed and sent in to Mutual of Omaha. After reviewing the letter with the applicant, please review the information in this guide for our handling of the applicant's condition(s). If the applicant disagrees with the specific reason given in the letter, he or she has the right to submit additional information. Here is how the appeal process works:

 A notice of appeal must be submitted in writing by the applicant and/or his or her physician within 60 days of receipt of the letter (some states vary slightly). Informal (verbal) appeals will be considered at the request of General Managers, District Sales Managers and Brokerage Managers

- A decision letter will be sent to the applicant within 60 days of receipt of the appeal information
- The 30-day period for review of the policy and billing notice of premium due are independent of the appeal process. Partner policies also are independent of the appeal process and should be delivered accordingly
- The application date will determine whether the original application can be used along with a Statement of Good Health or if a new application will be required
