

Which Express Product Should You Consider for Your Client?

At United of Omaha, we offer temporary and permanent Express life insurance solutions. While each solution is a little different, they both have one thing in common - they both use simplified underwriting.

Simplified underwriting means:

- No blood or urine
- No paramed exam
- No lengthy health inquiries

This simplified process makes our Express portfolio ideal for clients who are looking to get coverage issued quickly.

When it comes to the individual product solutions, it's important to know the features and benefits of each product to help you determine which one may be the best fit for your client. Here is a side-by-side comparison of Indexed Universal Life Express® and Term Life Express®.

[Learn more about the products in our Express portfolio on our Simplified Issue microsite, mutualofomaha.com/simple.](https://mutualofomaha.com/simple)

	IUL Express	Term Life Express (non-ROP)
Target Market	Customers looking for permanent protection at a more affordable premium	Customers looking for short-term protection for 10, 15, 20 or 30 years
